Retraction: LINC00346 Acts as a competing endogenous RNA regulating development of hepatocellular carcinoma via modulating CDK1/CCNB1 Axis

Frontiers Editorial Office*

A Retraction of the Original Research Article

[LINC00346 Acts as a competing endogenous RNA regulating development of hepatocellular carcinoma via modulating CDK1/CCNB1 Axis](#)

by Jin J, Xu H, Li W, Xu X, Liu H and Wei F (2020). *Front. Bioeng. Biotechnol.* 8:54. doi: [10.3389/fbioe.2020.00054](#)

Following publication, concerns were raised regarding the validity of the data in the article. The authors failed to provide the raw data or a satisfactory explanation during the investigation, which was conducted in accordance with Frontiers' policies. Given the concerns, and the lack of raw data, the editors no longer have confidence in the findings presented in the article.

This retraction was approved by the Chief Executive Editor of Frontiers. The authors received a communication regarding the retraction and had a chance to respond. This communication has been recorded by the publisher.

Frontiers would like to thank the users on PubPeer for bringing the published article to our attention.
