KEYWORDS

single and fractionated radiation responses, gut microbiota, SCFAs, intestinal barrier dysfunction, dysbiosis

A Correction on

Single radiation exposure induces gut microbiota dysbiosis and decreases short-chain fatty acid metabolism and intestinal barrier integrity in mice

By Park M, Choi YY, Lee Y and Cho M (2025) *Front. Cell. Infect. Microbiol.* 15:1654976. doi: 10.3389/fcimb.2025.1654976

Author “Yanghee Lee” was erroneously assigned as equal contributing author. “Mineon Park” and “You Yeon Choi” have co–first authorship.

The original version of this article has been updated.

There was a mistake in Figure 1B as published. The numbers on the x-axis (horizontal axis) and typo error were incorrectly indicated. The corrected Figure 1B appears below.
