Retraction: Research on line loss prediction of distribution network based on ensemble learning and feature selection

Frontiers Editorial Office*

A Retraction of the Original Research Article

Research on line loss prediction of distribution network based on ensemble learning and feature selection

by Zhang K, Zhang Y, Li J, Jiang Z, Lu Y and Zhao B (2024). Front. Energy Res. 12:1453039. doi: 10.3389/fenrg.2024.1453039

The Journal retracts the 2024 article cited above.

Following publication, concerns were raised regarding the validity of the data in the article. The authors failed to provide the raw data during the investigation, which was conducted in accordance with Frontiers' policies. Given the concerns, and the lack of raw data, the editors no longer have confidence in the findings presented in the article.

This retraction was approved by the Chief Editors of Frontiers in Energy Research and the Chief Executive Editor of Frontiers. The authors received a communication regarding the retraction and had a chance to respond. This communication has been recorded by the publisher.
