## KEYWORDS

single-cell RNA sequencing, immune cell communication, chronicinflammation, COVID-19, long covid, machine learning, SHAP model

# A Correction on

Immune cell communication networks and memory CD8<sup>+</sup> T cell signatures sustaining chronic inflammation in COVID-19 and Long COVID

By Liu H, Xu Z, Karsidag I, Wang P and Weng J (2025) *Front. Immunol.* 16:1689507. doi: 10.3389/fimmu.2025.1689507

Affiliation 2 "San Diego School of Biological Sciences, University of California, San Diego, CA, United States" and Affiliation 3 "Guangdong Provincial Key Laboratory of Traditional Chinese Medicine Informatization, Guangzhou, China" were erroneously swapped. These affiliations have now been corrected to: 2 "Guangdong Provincial Key Laboratory of Traditional Chinese Medicine Informatization, Guangzhou, China"; and 3 "San Diego School of Biological Sciences, University of California, San Diego, CA, United States".

The original version of this article has been updated.
